The Model 811 Series is our most popular
doppler for Veterinary hospital service. Model
811-BTS, our most popular by far. This product
line has been trusted for over 25 years. These
instruments have been modified internally to keep
abreast of newer technology, but the "black box"
package has remained the same. Used
extensively in the OR intraoperatively and for
lower limb and arm systolic blood pressure
measurements post-op and on the ward.

- Auto-shutoff option (Model 811-BTS)
- Built-in speaker
- Auxiliary headphone output
- Rechargeable battery
- Low-battery indicator
- 8 MHz to 9.7 MHz frequencies available
- Various welded-metal cases available

Midmark Ritter 355 mobile surgical light
